RE: Physician's and Surgeon's Certificate No. G 68184
Case No. 800-2016-020730

Public Letter of Reprimand

An investigation by the Medical Board of California revealed that you failed to further evaluate (with orthostatic measurements) borderline vital signs of a patient with a history of upper GI bleed and failed to document the patient's last visit in a progress note.

These actions constitute a violation of California B&P Code sections 2234(c) – repeated negligent acts and 2266 – failure to maintain adequate and accurate records.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.
